

Learn about the artist featured in our lobby:
Soraya Silvestri 'Zizi'

“With a love for colour and nature, I immerse myself in my paintings with passion. I love to play with colour, and am always amazed at its many beautiful surprises. They evoke within me a response and an immediate connection, that make me feel happy and alive.

They are truly a celebration, filled with fun and fantasy and a colourful spontaneity that reveal my personal whimsical side.

My works delve into the abstract world of expression by colour and not form, while still others reveal a world within my own imagination.”
