Here at Cobble Hill, we pride ourselves in offering a unique selection of beer and liquor that you won't find anywhere else in the area.

It is our belief that if we find products brewed, distilled and loved in smaller batches, the folks doing the job are paying closer attention to the ingredients & processes used. Simply, our goal is to bring you a product that has been nurtured & tended to in the same way all the wild-haired children of the world out there are being tended to.

We carry this same spirit over into our craft of cocktail making. Each one contains a carefully concocted combination of fresh herbs, fresh fruits, fresh squeezed juices and house-made syrups. Lots of love goes into those chilled coupes & Collins glasses
