Knott's BERRY FARM[®]

For nearly one hundred years, Knott's Berry Farm has been drawing fans from all over. What started as a small family berry farm soon began to grow into a world famous destination thanks to famous fried chicken dinners, boysenberries and an Old West Ghost Town. Since then, that small family farm has grown into a 160-acre theme park, a 15-acre water park, Knott's Soak City Waterpark, the California Marketplace full of shopping and dining, and the Knott's Hotel.
