Convenient Care
In Your Neighborhood

Welcome to The Clinic at Walmart

Conveniently located, The Clinic at Walmart provides walk-in care for your non-urgent health care needs. These can be conditions like common colds, sore throats, ear aches, minor eye injuries, or simple lacerations and cuts.

(A full list of services can be found on the side panel of this brochure.)

The best source of medical care is always your primary care provider, but for the times when your provider just isn't an option, this service is available seven days a week.

Also, the Supercenter's location makes it easy to access the medical supplies or other items you may need to ease your illness.

Payment

We accept all major insurances.

Co-payments are expected at time of service. Patients may also pay by cash, Visa, Mastercard or Discover.

Patients must be 12 months or older to be seen by a provider.

About Us

This clinic is owned and operated by St. Mary's Regional Medical Center and managed by St. Mary's Emergency Department. We have been caring for your family and friends in this community for over 125 years. Our primary care practices and specialty medical practices understand the needs of patients and their loved ones.

Should you need a primary care provider, we would help you obtain one in a practice that meets your individual needs. Please call our Provider Referral Line at 777-8899 for this assistance.

If you or someone you know requires emergency care, ***please call 9-1-1.***

St. Mary's Emergency Center is always open 24 hours a day, 7 days a week.
