# EXPLORE DIGGERLAND USA PARK MAP

Diggerland USA covers 14 acres and features over 25 attractions. The majority of our rides are comprised of REAL modified construction equipment.

Diggerland rides allow parents and children the ability to safely operate the machines by themselves or together!

All of the Diggerland rides require a minimum of 36" - sometimes 42" to participate. Often if a child is too small to ride on an attraction alone, they may operate the ride on the lap of a guardian. Guests under 36" are free and may enjoy the Kid Zone, the Excavation Center Arcade, or view one of the daily machine stunt shows around the park. Please visit our website prior to your visit for specific ride and attraction requirements.
