

Friendly & Inviting

From the moment a smiling face greets you at the door to the point where you're posing for a picture with staff after dessert, you will feel our positivity radiating. Our Deaf servers provide much more than outstanding service; with excitement, kindness, and of course a little patience, they will help you learn some basic signs, or expand your prior knowledge of American Sign Language.

What could be more satisfying than an incredible meal that comes with the opportunity to learn such a visually beautiful language?

Distinct & Stylish

SIGNS Restaurant and Bar offers a wide selection of tantalizing dishes presented in delicate style - and we just keep getting better. Our mouth-watering new menu blends Canadian and International foods, with many vegan and gluten-free options, and even a separate kids menu. Our extensive wine and cocktail list has the perfect creation to compliment any meal. We can accommodate large parties or intimate dinners, and everything in between. An ideal location for a class trip, business lunch, girls night out, family dinner or first date. Everyone will feel truly welcome in the modern, elegant decor of our dining area and cocktail bar.

Dynamic & Unique

After you learn to sign your order, feel free to flip through our 'cheat book' or look at the pictures lining the walls that illustrate different signs, all created by and featuring our own staff! Even without the assistance of your server, you can learn to sign words, phrases, your name, and so much more! With so much to enjoy and so much to learn, you'll definitely come back again and again!

Visiting Toronto? We are a must to complete your experience. Can you sign 'Juniper Braised Lamb Shank'? Don't worry, we'll teach you!
