Twilight Tours!

Voted Best City Tour each year since inception and the only tours out of over a hundred featured on Anthony Bourdain's "The Layover" on Travel Chanel- Grim Philly has amassed a cult following with educational but gritty adults only tours.

Developed by a university professor with dark and frequently sarcastic inclinations coupled with academic training this has created what Grim Philly has become: sensational, yet meticulously researched material delivered in irreverent style by professors, authors, and young professionals you can trust for accuracy and entertainment.

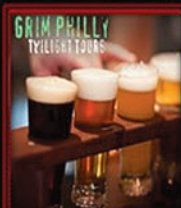

Though Grim guides have each their own style and areas of expertise- tours are raw, uncensored and unabridged- and not suitable for children, or those of prudish disposition.

Grim has 9 tours in all- including walking, tavern, boat and holiday tours for Valentine, Christmas, Halloween, and others.

See ALL Major Tourist Sites- with an adult twist! Liberty Bell, Betsy Ross House, homes of- Franklin, Washington, Adams, Hamilton, Benedict Arnold along with lesser known sites for public torture, brothels, mass burials, hauntings...

Most tours meet "outside" Independence Visitor Center (6th & Market St.). GrimPhilly.com for calendar & details.
