Once, the lighthouses that dot the Southern New England coast warned travelers to steer clear. Today, awash in the charm of yesteryear, these beautiful old structures lure visitors towards them.

That's why Cross Sound Ferry is introducing a brand new lighthouse cruise narrated by local experts – zipping you between eight lighthouses and the historical sights along the Thames River, Long Island Sound and Gardiners Bay in style aboard the SEA JET – all in just two hours!

**Really into lighthouses?**

New London Maritime Society has the key – literally – to get you in the door of some of the lighthouses you'll see from the Cross Sound Ferry deck. And Saturdays and Sundays from July through October, it's Coast Guard Summer, with lighthouse boat tours, exhibitions, special events and more.
