“Unbelievable Experience!” - *Paul H.*

One of the best experiences of my life! The best pilot and balloon! If you want to have an unbelievable experience go with Magical Adventure Balloon Rides!

5 star ratings on Yelp and TripAdvisor

LARGE FLEET WITH DOORS IN OUR BASKETS

We have the **largest** and **newest** fleet of balloons and vans in southern California, offering uncrowded, spacious baskets and more availability when you want to fly. Why climb over a

4 ft basket wall when you can

walk on and walk off with our basket doors? We've spent the extra money on our equipment so that everyone, including the elderly and disabled, can easily board and exit the aircraft.

Temecula Helicopter Wine Country Tours

Although a balloon ride is the best way to see Temecula wine country, you have to get up early. If you're not an early riser, you can still enjoy a helicopter flight over Temecula wine country with us on weekends. Take an entertaining guided aerial tour in our Robinson 44 helicopter. All flights include a premium champagne, juice or mimosa toast, free souvenir pictures, a commemorative flight certificate and two for one wine tasting at several local wineries.

★ ★ About Us ★ ★

We are a family owned local business.

We are fully insured and licensed to operate in California. Our experienced staff of seasoned FAA commercial pilots have decades of safe flight hours, no accidents or FAA violations.

We know the area intimately and provide educational and entertaining local information during your tour. Our friendly

pilots, ground staff and greeters will work hard to keep you happy and safe at all times. Our

professionalism, safety practices, pilot experience, friendly staff and new, well maintained equipment set us far above all others.
