## A balloon ride is a memory that will last forever...

Whether for a birthday, anniversary, graduation, engagement, romantic date, bucket list item or just something to do - a balloon ride is a unique experience that is always remembered years later in life. Southern California's picturesque flight zones provide a perfect backdrop to celebrate any occasion.

PLEASE BRING THIS ENTIRE CARD WITH YOU TO REDEEM FOR **\$5 off per person UP TO \$20 PER GROUP** AT TIME OF CHECK-IN. (Not valid with price match guarantee)

### Why fly with us?

Our pilots are well seasoned, including professionally sponsored balloon race pilots. We compete internationally and in a wide range of environments, from city flying in Daejeon, Korea to high altitude flights over the Los Andes mountain ranges between Chile and Argentina. We've flown throughout the USA and regularly attend the Albuquerque International Balloon Fiesta.

We have been featured on Gene Simmons Family Jewels, Ellen DeGeneres, several E-Network, MTV and Japan reality TV shows as well as one of only two pilots in the world that have flown over the Nasca Lines in Peru. These experiences make for better pilot decision making skills, which equates to a much safer flight for all. Our equipment is American made and designed to accommodate smaller, more intimate groups. Our goal is to provide a safe balloon ride, not a bus ride in the sky. Our multi-lingual tour guides help enrich the experience for our foreign guests.

We always provide the best price for your flight, including a price match guarantee, so you'll pay the lowest price available when flying with us.

We hope that your first balloon ride won't be your last. That's why our customers always receive a 25% discount on future balloon rides with us after their first ride. We hope to see you soon!
