

BOEING TOUR

FUTURE IN THE MAKING

The Future of Flight Aviation Center & Boeing Tour offers the only opportunity to tour a twin-aisle jet assembly plant in North America.

See the working manufacturing lines of Boeing 747, 777 and 787 Dreamliner jets in the largest manufacturing facility in the world, as presented by official Boeing guides.

THE FUTURE OF FLIGHT AVIATION CENTER

- Explore exhibits in the Gallery; touch the skin of a Boeing 747 tail; sit in a Boeing 727 cockpit.
- Design and test your own jet.
- Experience Weekend Family Workshops and 3D Makerspace.
- Shop in The Boeing Store or Future of Flight Gift Shop.
- Grab a bite in the Paper Plane Café.
- Visit the Strato Deck for stunning views of Paine Field and the flight line.

Children must be at least 4 feet (122 cm) tall		

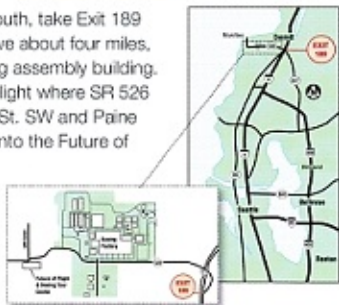

Aerospace Gallery & Strato Deck Only

Adult		\$12
Youth	Ages 6- 16	\$ 6
5 + under		FREE

To reserve tickets book online at futureofflight.org or call **800.464.1476**

DIRECTIONS

From I-5 North or South, take Exit 189 to SR 526 West. Drive about four miles, past the huge Boeing assembly building. At the four-way stoplight where SR 526 intersects with 84th St. SW and Paine Field Blvd., turn left into the Future of Flight entry drive.

RULES: Children must be at least 4 feet (122 cm) tall to go on the tour. Strollers are not allowed and visitors may not carry babies on the tour. Those under 4 feet may enjoy the Family Zone: How Planes are Made or a Weekend Family Workshop.

Photos and video cameras, electronic devices (mobile, cameras, pagers) and personal items (purses, backpacks) are not permitted on the Boeing Tour. Lockers are available on site.

Rates are subject to change without notice. Check rates and updates www.futureofflight.org
