

## LA'S FAVORITE LANDMARK FOR OVER 80 YEARS!

Since 1934, The Original Farmers Market has evolved into LA's must-visit destination for both locals and visitors alike. This open-air shopping and dining experience is an authentic time capsule of LA, with over 100 local merchants serving fresh fare and friendly service. It is also home to the best star-sighting and people-watching in the city.

**DINING:** The Original Farmers Market is a food lover's paradise, playing host to over 40 restaurants, dozens of gourmet grocers and specialty food merchants. You can literally eat your way around the world with our delicious selection of international cuisine. Dining options range from world-class Mexican, sushi and LA's first pizzeria to gourmet hot dogs and Brazilian barbecue. Round out your culinary journey with handmade ice cream, artisan chocolates or a delectable bakery treat!

**SHOPPING:** If shopping is your bag, The Original Farmers Market has something for everyone—from fine jewelry, clothing, bath products, classic toys, and homemade pet treats—to gifts, keepsakes and mementos to enjoy back home. The Market is like a city-within-a-city, complete with a barbershop, shoe repair, post office, optometrist, bank and ATMs. You are also steps away from LA's newest shopping hot spot: The Grove. Take the old-fashioned trolley or simply walk next door for more shopping adventures.

**RELAXING:** The *al fresco* atmosphere and relaxed attitude has made The Original Farmers Market the place to be. Enjoy the sights, scents, sounds and tastes that have endured for over eight decades, inviting people back to "Meet Me at Third & Fairfax" again and again.
