SANTA BARBARA

THE AMERICAN RIVIERA®

WELCOME TO PARADISE

It's easy to see why travelers call **Santa Barbara Airport** (SBA) "The Easy Come, Easy Go airport." Arriving and leaving SBA is a breeze, you're on your way in no time at all. Rental car counters are across from baggage claim, taxis, shuttles, and buses are waiting outside the front door. If you're departing from SBA and flying westward to Seattle, Portland, San Francisco, Denver, Phoenix, or Los Angeles, or continuing on to another destination, there you'll be for a treat.

Rental car return is at the "pilot terminal" on the shuttle level. After check-in, breeze through security and find IT computer workstations and free Wi-Fi throughout the terminal. There's also a restaurant, coffee shop, and gift shop stocked with local wine and souvenirs. Flying in and out of SBA — what could be easier?
