SAN DIEGO NATURAL HISTORY MUSEUM

## Limited Engagement! West Coast Premiere!

The ancient Maya are one of the most complex and advanced civilizations of the ancient world, known for their monumental architecture, distinctive art, and intricate knowledge of astronomy and time. *Maya: Hidden Worlds Revealed*, the largest exhibition of its kind in the United States,

explores the fascinating social, natural, and spiritual realms of the Maya through the eyes of royalty and common people who formed the backbone of Maya society. Created after years of research and exploration, *Maya* features immersive environments, hundreds of authentic artifacts, and hands-on activities for all ages. You'll uncover the mysteries and triumphs of the ancient Maya and their modern descendants in a way that is interactive, educational, and fun.

**Discounts available  
for groups and  
school field trips!**
