WILD AT HEART

AN
IMAX ORIGINAL FILM

PANDAS

Pandas are beloved around the world, and now they are coming to the big screen in the IMAX® original film *Pandas*, a breathtaking documentary adventure narrated by Kristen Bell.

At Chengdu Panda Base in China, scientists are dedicated to protecting the species by breeding adult Giant Pandas in order to introduce cubs into the wild. This film follows one such researcher, whose passion leads her to initiate a new technique inspired by a black bear program in rural New Hampshire. What starts as a cross-culture collaboration becomes a life-changing journey for an American biologist, a scientist from Inner Mongolia and a very curious female cub named Qian Qian, born in captivity.
