**ON EXHIBIT: MAY 16, 2016 - JAN 8, 2017**

## **Driven to Drive: Defining Our Identity**

The automobile transformed the way Americans lived and how they defined their identities. This exhibit explores how the evolution of car designs and functions reflected the progression of twentieth century America.

In partnership with the Houston Automobile & Transportation Museum, this exhibit tells the story of the American automobile through historical objects, interactive media and hands-on displays, highlighting cars beginning with the 1950s through the present and into the future.
