## RIDEAU CANAL CRUISES

Rideau Canal Cruises offers sightseeing cruises on the popular Rideau Canal. Visitors can discover the region, its history and rich cultural heritage while cruising on board a brand new electric vessel. Our North America's largest 100% electric passenger vessel is the only one of its kind.

## PAULS BOAT LINES

The cruise offers a spectacular view of the city and allows you to see the river as it was used long ago: as a highway to transport resources. You will also see the natural beauty of the region that captured the imagination of the first European explorer Samuel de Champlain.
