WE CONNECT ART TO LIFE

The Seattle Art Museum (SAM) has been the center for visual arts in the Pacific Northwest since 1933. SAM's three dynamic locations celebrate the region's position as a crossroads, where east meets west, urban meets natural, local meets global. Our collections, special exhibitions, and programs feature art from around the world and build bridges between cultures and centuries.

Visit SAM and experience a museum that is as much a part of Seattle's landscape and personality as the coffee, rain, mountains, Pike Place Market, and the Space Needle.
