N A P A V A L L E Y

TOUR OUR AUTHENTIC, 13TH CENTURY INSPIRED TUSCAN CASTLE-WINERY WHERE YOU MAY TASTE WORLD-CLASS NAPA VALLEY WINES MADE BY A FOURTH GENERATION WINEMAKING FAMILY IN TRADITION OF OVER 120 YEARS.

## THE WINERY

After decades of researching and studying medieval castles throughout Europe, Dario Sattui began his marathon building project in 1993.

The 136,000 square foot Castello features: 107 unique rooms, 8,000 tons of hand-squared stones, 8 levels (4 below ground), 900 feet of caves, a meticulously hand-painted Great Hall, a drawbridge, moat, dungeon and torture chamber, a consecrated chapel, and one of the most impressive wine barrel rooms in the U.S. constructed with ancient brick Roman cross-vaulted ceilings.

Yet the Castello is merely a backdrop to showcase some of Napa Valley's best wines. Castello di Amorosa produces only 25,000 cases each year, which are sold exclusively at the winery, direct to the consumer.

## THE VINEYARDS & WINES

Castello di Amorosa has 30 acres of vineyards surrounding its hand-chiseled walls, gates, and guard towers, planted with Sangiovese, Merlot and Cabernet Sauvignon which produce low yields and intensely flavored wines. The Castello produces hand-crafted Italian style wines including Pinot Grigio, Pinot Bianco, and a Super Tuscan Blend, all made to pair beautifully with food.
