## SEATTLE'S LOCAL HIDEAWAY

With three wide-open floors of incredible views over Elliott Bay and ferries crossing the water with the Olympic Mountain range as the backdrop, Lowell's is "The Living Room of the Market" and safe refuge.

Stop in to enjoy everything our wonderful heritage has to offer: friendly staff, fresh handcrafted food and drinks with a view. Lowell's now offers the freshest of happy hours every day of the week, on three floors.

Along with unique menu selections, we have lists of fresh infusion cocktails and changing beer & wine specials to accompany our home-made happy hour "bites".
