MORE: If you love whales, dolphins, sea lions, and sea birds, hop on board for a breathtaking experience on the open ocean off San Diego's beautiful coast. Hornblower's large, comfortable ships will speed out to sea past barking sea lions and pods of leaping dolphins as we search for the legendary blue whales (and any whale or dolphin we can spot!) As we make our 4-hour tour, we'll be treated to a live narration by experienced captain and on-board naturalist (from the San Diego Natural History Museum). You'll stay cozy and comfortable with both indoor and outdoor seating and a snack bar featuring hot food, a full bar, and souvenirs.
