UNDERGROUND

# BENEATH THE STREETS THE

*Beneath The Streets* is a boutique tour company offering small-group walking history tours through, and below, the streets of Pioneer Square. Explore newly-opened subterranean passageways that have never been offered on public tours before, as you descend back in time to 1890's era Seattle.

In 2013 four local tour guides had a vision. To offer high-quality tours through and beneath Pioneer Square in small groups with a focus on history. We secured access to underground areaways that had not previously been open to the public; and assembled the most seasoned team of tour guides in the neighborhood (each averaging over 10 years experience). We've built a business that combines our passion for Seattle history with the highest level of customer service. With superior TripAdvisor and Yelp reviews, we've become *the new tour of old Seattle*.
