BENEATH THE STREETS THE

Beneath The Streets is a boutique tour company offering small-group walking history tours through and below the streets of Pioneer Square. Explore newly-opened subterranean passageways that have never been offered on public tours before as you descend back in time to 1890's era Seattle.

GO UNDERGROUND

BENEATH STREETS THE

In 2013 four local tour guides had a vision; to offer high-quality tours through and beneath Pioneer Square in small groups with a focus on history. We secured access to underground areaways that had not previously been open to the public, and assembled the most seasoned team of tour guides in the neighborhood (each averaging over 10 years experience). We've built a business that combines our passion for Seattle history with the highest level of customer service. With superior TripAdvisor and Yelp reviews, we've become *the new tour of old Seattle*.
