Sail aboard Capt Kidd - a modern replica of the 19th Century Topsail Schooners. Relax on an afternoon day sail or experience the romance of a sunset cruise on Galveston Bay.

Sail out of Kemah for a memorable cruise on the bay. See the other yachts up close and personal as you sail out of the main channel that is home for the third largest concentration of pleasure boats in the United States. Watch the seagulls and the pelicans as they glide along effortlessly above the water. Keep your eyes open for the dolphins that occasionally wander into the bay to feed.
