

CAN YOU ESCAPE?!

THE SLEUTH BOX

Decipher, Decrypt, Decode...Escape!

At the Sleuth Box, **you become part of the game like never before** as you compete against the clock (and your doubts) to solve puzzles and escape. Your success is entirely up to you. **Do you have what it takes to think outside the box?**

.....

**YOU'VE NEVER EXPERIENCED
A GAME LIKE THIS.**

LIVE ROOM ESCAPE GAME

.....

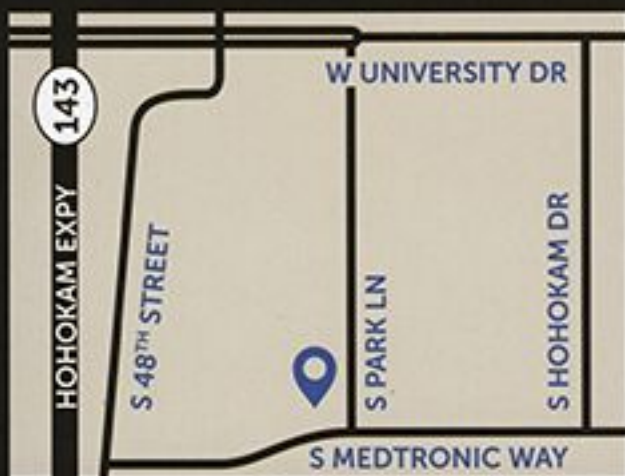

This is an interactive experience designed to test your problem-solving skills. You and your group will have a set amount of time to solve a series of clues and escape the room. This is first-person puzzle solving at its best! And we really mean first-person. Unlike a movie or book, you get to hop in and be one of the main characters. Now you can't just yell at the poor souls on the screen or page who are searching for clues—you have to solve the mystery yourself.
