## SANGUINETTI HOUSE MUSEUM & GARDENS

JEWEL OF HISTORIC YUMA

In the heart of historic Yuma is the charming 19th-century adobe home of E. F. Sanguinetti. This quaint home is now a museum chronicling Sanguinetti's life story, as the Merchant Prince of Yuma.

Coming to Yuma penniless at age 15, E. F. Sanguinetti (1867-1945) quickly grew to become a civic-minded businessman whose numerous enterprises forever changed the community he loved.
