On a Day Trip to La Jolla and the Beaches of San Diego

San Diego is known for 70 miles of beautiful beaches and mild temperatures. What better way for you to experience the magic than on Old Town Trolley's La Jolla and San Diego Beaches 'Day-Tripper' Tour. Board our colorful Beach Cruiser and be transported to the top of Mt. Soledad, 822 feet above sea level. There, you will be treated to a stunning 360 degree panoramic view of San Diego and the Pacific Ocean. You will disembark the Trolley for about 20 minutes for a spectacular photo opportunity! Then, you will re-board the Trolley and descend into La Jolla, "The Jewel" of San Diego, past the Cove and the famous Children's Pool and into the heart of the Village where you can step off and spend the afternoon experiencing Paradise by the sea! Later, the Trolley will pick you up to continue your journey along the coast and through the beach towns of Pacific Beach and Mission Beach. You will pass the surfers at Windansea Beach, the Giant Dipper Roller Coaster at Belmont Park, and the SkyTower at SeaWorld as you return to Old Town and your starting point. Throughout the tour, you'll see rocky cliffs and sandy beaches, reefs and tide pools, seals and surfers and lots of happy people enjoying the best that Southern California has to offer. Short on time for a day trip to La Jolla? Just tell your driver and stay on the trolley to continue your tour returning back to Old Town!
