FISHERMAN'S WHARF

SF'S SCARIEST & FUNNIEST ATTRACTION

thedungeons.com/SanFrancisco

WHAT IS THE SF DUNGEON?

The Dungeon is a portal to San Francisco's dark and riotous past (minus the boring parts!) brought to life over 60 minutes, guided by our cast of unforgettable misfits.

You'll get TEN killer shows starring the plague, prison, murder, and greed. TWO thrilling rides where you will be kidnapped by boat and experience one terrifying drop from the cliffs of Alcatraz, all supported by mind-blowing special effects - oh, and a guy called Jerry who operates the fog machine. No half-assmanship here.

Get up close and personal with sinister characters from San Francisco's history (no, not Jerry!) including the dangerous San Francisco gang leader, Sam Roberts, in his fearsome torture chamber, infamous bar owner and crimper, Miss Piggott, and her partner-in-crime (literally), Shanghai Kelly.

Walk through the narrow streets of San Francisco's Chinatown where more than just rats are hiding, and see if you get lucky in the Gold Rush. What more could you need?

**Re-live the bad old days of San Francisco!
We dare you...**

**The past is dark
and full of terrors**

- Will the hangman have you hogtied by noon? Or, can you talk your way out of Judge Meade's courtroom?
- Are you yella' bellied? Well, we told you not to eat or drink at Miss Piggott's saloon - no telling what's in there.
- The Gold Rush has reached fever pitch, or is that just the plague? Either way, you're probably not getting out of here alive.
- The Wild Wild West has become the Wild Wild test. Watch yourself and don't come over all dead-like, ya hear? That's our job.

"If you're on the fence wondering if this is worth your time, don't wonder any longer and just go do it!"

- Jeremy F. from Georgia
