

SAN FRANCISCO CABLE CAR MUSEUM

74

Established in 1974, The San Francisco Cable Car Museum displays various mechanical devices such as grips, track, trucks, cable, brake mechanisms and much more. The museum also features antique cable cars, one of which is the world's first cable car - No. 8 of the Clay Street Hill Railroad. The museum is located in the historic Washington/Mason Cable Car Barn and Powerhouse overlooking the machinery powering San Francisco's Cable Cars.
