Hands-On Activities

Trebuchet Physics Show

SpaceTime Park is a unique one-kilometer diorama of the Inner Solar System, accurately scaled so you can walk through it at the speed of light. More than just planets—see a solar eclipse, the L1 and L2 satellites, a trojan asteroid, compare the gravity on different planets and learn amazing facts.

Our Dinosaur exhibits are the most realistically sculpted displays anywhere. See T-Rex, Triceratops, Velociraptor, Stegosaurus, Minmi Ankylosaurus, Parasaurolophus, Apatosaurus and lots more!

Also watch our live Trebuchet demonstration and learn a little about physics in a fun and exciting way.

Open 10 am to 5 pm, every day all summer.

(10 am to 4 pm, Fri/Sat/Sun during the school session)

\$9 per person

\$7 for kids age 4-12, over 65 and the military.

Kids 0-3 and certified TX teachers are FREE.

Located halfway between San Antonio and Austin

One mile off the I-35 freeway (take exit 195)

1001 Watson Lane East, New Braunfels, TX. 78130
