# Popular Packages

## *Basic package*

Available every day, this offers people on a budget the chance to get the thrill and excitement of a balloon ride without sacrificing safety or quality. Be treated like royalty without mortgaging your castle to get it. All rides are followed by a champagne picnic.

## *Private flights*

This package is catered to you and you only. You will have the hot air balloon and pilot all to yourself, while enjoying all of the Arizona Wonders—The way ballooning was in the beginning. After landing you will be catered to at the VIP first flight ceremony and treated to a complimentary champagne toast.

## *High Adventure Night Flight*

We are the only company in the nation to offer this adrenaline-packed adventure. On this hot air balloon night flight, you will feel the excitement of not knowing if you are at 50 feet or 3000 feet up. The blackness will blind you and the silence of the night will deafen you! At 5000 feet, you'll get a view of the moon few others ever experience, actually seeing the shadow of the moon!
