Color Improvisations 2

AN INTERNATIONAL EXHIBITION OF CONTEMPORARY QUILTS

Curated by Nancy Crow

May 30–September 23, 2018

OPENING RECEPTION – ALL ARE WELCOME! | Wednesday May 30, 6–7:30 pm

Color Improvisations 2 is an exhibition of contemporary quilts curated by Nancy Crow, one of North America's most celebrated and influential quiltmakers and teachers. The exhibition includes 25 spectacular large-format quilts by artists from Canada, Germany, Scotland, Switzerland and the United States – including a piece by Nancy Crow. The project grew out of Crow's interest in celebrating the "majesty, strength and energy of large textile works." *Color Improvisations 2* showcases the group's collective use of rich, solid colours, improvisational piecing, and intricate machine quilting at the service of pure abstract design, all while maintaining the strong individual identity of each artist. *This exhibition is presented by Color Improvisations 2, NA.*
