PROGRESS OF THE PIONEERS AS YOU EXPLORE

"From such beginnings, much may be expected."
—George Washington

In the annals of American history, Marietta played an important and fascinating role. As the first permanent organized settlement of the Northwest Territory, Marietta's establishment was the catalyst for the northwestward expansion of the new United States.

The history of Marietta and the courageous pioneers who settled here are the topics of **David McCullough's newest book, "The Pioneers"**. The Pulitzer Prize winning author chronicles the efforts of the original families who worked tirelessly to settle the area and create a thriving city

at the confluence of the Ohio and Muskingum Rivers. McCullough studied original letters, diaries, documents, & records all archived at the Marietta College Legacy Library to narrate the true stories of these important figures in history. Many people have discovered - or rediscovered - Marietta's past and are arriving to see the historic sites for themselves.

You can delve into Marietta's past and trace the progress of the pioneers as you explore the city and surrounding areas with this **Pioneer History Trail Passport!**

Visit 8 of the attractions listed here to win an official handmade Pioneer History Trail mug! **Or visit all 16** places to receive a free T-shirt as well! **Passport must be validated at each location.**
