

The First Church of Christ, Scientist

- Everyone is welcome at our Sunday services and Wednesday testimony meetings.
- Children under 20 are welcome at our Sunday School.
- Join us for church tours. (Starting at the *How Do You See the World?* experience.)

How Do You See the World?® experience

Engage with your world through a lens of hope, progress, and generosity

- **Mapparium® globe (ticketed):** Walk into a three-story, stained glass globe that shows the world as it was in 1935—and see the progress. Allow 20 minutes for this narrated, light and sound experience, with time to explore on your own.
- **Our World: Mapping Progress (free):** Read modern-day news stories of humanity's advancement from *The Christian Science Monitor*.
- **Christian Science and Mary Baker Eddy (free):** Learn about the remarkable life of Mary Baker Eddy (1821-1910), who discovered and founded Christian Science and its global church. You can listen to individuals share recorded accounts of Christian Science healing.

Christian Science Reading Room

Nurturing individual spiritual growth in Boston since 1888

- **Engage** in prayerful contemplation or attend daily events—online and in-person.
- **Read or buy** the Bible and books by Mary Baker Eddy. This includes *Science and Health with Key to the Scriptures*, which contains the full explanation of Christian Science and the Bible's practical application to our everyday lives.
- **Read and listen** to more than 100 years of articles and reports of Christian Science healing from the Christian Science magazines.
- **Read or subscribe** to Pulitzer Prize-winning news, *The Christian Science Monitor*.

Christian Science Plaza

- Reflecting Pool and Children's Fountain.
- Chiming concerts, organ concerts, and other free events.

 *The Christian Science Plaza is wheelchair accessible*
