

Meramec Caverns and Caveman Zipline is excited to announce the opening of a Climbing wall.

Construction will begin Wednesday June 12th and should be completed and open for the following Saturday the 15th.

The Climbing wall will be located on the front of Zip tower 1 and will extend approximately 40' high. There will be 2 sides, a flat easy side and an inclined more advanced side. Customers are attached by a TRUBLUE auto Belay system, so when the customer is done climbing all they have to do is let go and the auto system will bring them back down gently. The TRUBLUE auto belay system can accommodate weights from 22lbs to a max of 330lbs. So YES this climbing wall is **kid friendly!!!** As long as the child can fit our harness they can climb the wall! Tickets will be sold at Caveman zipline no reservations needed.

Pricing

\$9.99 for 2 climbs or max of 15 minutes.

\$29.97 for a family package rate - 4 people (2 climbs each or 15 minutes per person)

\$79.92 for a Group rate for Birthdays or events can rent both sides of wall for 1 hour

Family package and group rates are exploratory and may change in future.

Current Hours: 10:00a.m.-7:00p.m. every day
