

7 Seas Whale Watch

Whale Watching from Gloucester,
Massachusetts since 1983!

Guaranteed Sightings!

7 Seas Whale Watch has been featured in National Geographic Magazine, on the Discovery Channel, and has been ranked as the #1 Attraction in Gloucester on TripAdvisor 3 years in a row!

WHAT WE OFFER:

We offer one of the most exciting New England activities for the group tour market: A 3-4 hour boat excursion to visit the great whales that come to feed off of our coast each spring through fall. Every trip is narrated by a professional marine biologist. Seldom seen by humans, these great whales are one of nature's most extraordinary sights.

This is truly a must see experience for all ages!

1ST CLASS ACCOMMODATIONS:

We offer the newest, most comfortable, and most elegant high-speed whale watching

vessel in the area. Our 108-foot vessel, the PRIVATEER IV, is known by many charter boat operators to be one of the classiest vessels along the eastern seaboard. The vessel is equipped with 2 modern, clean restrooms, cushioned indoor seating, a full galley and bar, and a heated inner cabin complete with a large-screen GPS display that allows passengers to monitor the ship's speed, position, and heading at all times during their trip. Our captains and crew are highly experienced and are always friendly and helpful.

7 Seas Whale Watch has more than 30 years experience in providing the best whale watching experience for our customers. We are proud to be the most recommended whale watch company on the area. Be sure to visit our website at www.7seaswhalewatch.com for

WHEN: Our whale watching season runs from mid-April through mid-October. Departure times are scheduled for 8:30AM and 1:30PM, however there is some leeway in departure time if needed (especially April, May, and mid-September through October).

CONVENIENCE:

We are located at Seven Seas Wharf, right alongside the famous Gloucester House Restaurant. For more than 50 years, the Gloucester House has been renowned for its lobster dishes and specializes in locally caught North Atlantic seafood. This is the perfect place for a dinner or lobster bake before or after your whale watch! 7 Seas Wharf is on the newly created "Maritime Trail." Here visitors can watch Fishing boats unload their catch, see lobster boats tending to their traps, or just take in the scenery from one of the most picturesque parts of Gloucester Harbor. We are also just one block from Gloucester's main shopping district, the historic Fitz Hugh Lane house, and the Gloucester Maritime Heritage Center. ***We are a one-stop destination!***

EXPERIENCE and CUSTOMER SERVICE

For over 30 years (since 1982) has been leading whale watching tours to Stellwagen Bank National Marine Sanctuary. During this time we are proud to have become the most recommended whale watching company in the area and the #1 whale watch in the group tour market. This is due, in part, to the hard work of our crew. Throughout your whale watch trip our crew will be there to assist you in any way possible. From answering questions about the whales, the marine

ecosystem, or Gloucester's storied fishing industry, to serving you snacks and drinks in our ship's galley, to making sure that everyone gets a good spot to view the whales, our crew works to ensure every detail of your whale watch meets your highest expectations.

LOCATION

7 Seas Whale Watch is located on historic Seven Seas Wharf in the heart of downtown Gloucester, MA. ***We are about 45 minutes north of Boston*** and one half hour north of Salem, MA.
