

ROUGH POINT

The **Newport Restoration Foundation** invites you to experience the magnificence of Rough Point, the Newport home of Doris Duke - heiress, philanthropist, world traveler, and Newport preservationist. One of her favorite homes, this mansion provides a sweeping ocean view and expansive grounds, designed by renowned landscape architect Frederick Law Olmsted. Rough Point is home to a remarkable collection of fine art, including works by Gainsborough, Bol, van Dyck, Reynolds and Renoir. The collection also features priceless Chinese porcelains, Turkish carpets, Belgian tapestries and French furniture.

The tour includes a special exhibition in the galleries at Rough Point. In 2016, explore Rough Point and learn more about Doris Duke, her life, her legacy and the Islamic Art collection from her Hawaiian home, Shangri La, in the annual exhibition “Waterscapes: Islamic Architecture and Art from Doris Duke’s Shangri La.” This exhibition will showcase Shangri La featuring objects from the Islamic Art collection related to the theme of water. The exhibition will also examine water features within the architecture and landscape of Shangri La. Rough Point and the exhibition will be open for tours April 7– November 6, 2016.

The mansion is located at 680 Bellevue Avenue, Newport, RI and is fully accessible.
