Where Family Traditions Begin...

WHO ARE WE?

Belleayre Mountain is located off of State Route 28 in Highmount, NY, just hours from New York City. It was declared "Forever Wild" by the New York State Forest Preserve in 1885. Early on, skiers would side-step or hike their way up more than 3,000 feet to be the first to make tracks down un-named & woody trails. Since the very beginning of the American skiing experience, skiers gazed at the steep, rugged inclines of Belleayre Mountain & dreamed of refining them. In the 1940's skiing enthusiasts pressured politicians to develop Belleayre as a safe & fun mountain for families & extreme skiers alike. In 1947 a bill was introduced by New York State voter referendum allowing New York State to create Belleayre Mountain in the Catskill Preserve. Construction began in 1949 & Belleayre began its premier winter season in January of 1950 with five trails, an electric powered rope tow, New York's first chairlift, a summit lodge, a temporary base lodge with a cafeteria & dirt floors & parking to accommodate 300 people.

WHY ARE WE THE BEST PLACE TO LEARN TO SKI & SNOWBOARD IN THE NORTHEAST?

Belleayre is the best place to learn to ski & snowboard in the East! Come meet our friendly & experienced staff of expert ski & snowboard instructors in the Discovery Lodge which is dedicated to beginner skiers & snowboarders. You will be introduced to the natural beginning terrain that separates beginners from all of the hustle & bustle of the more advanced skiers & snowboarders. Our unique combination of terrain – extensive green circle terrain, a wide variety of blue square & black diamond terrain, moguls, terrain parks & natural snow glades with varying degrees of difficulty, guarantees there is something here for everyone! Whether you want to start from the beginning with the basics in our Learning Zone or you want to challenge the bumps on the headwall of Yahoo, we've got the Snowsports staff for you! Our Snowsports School & Snowsports Programming is based on our original philosophy behind the development of skiing: making it fun & affordable for families & gets kids hooked on snowsports to keep them coming back for more! We have staff dedicated to working with adults & kids of all ages & skill levels & additional programming that supplements the strengths & weaknesses of all. Check out the Alpine Development Program, Freestyle & Race Training Programs & Adult Workshops & Clinics.
