* Includes skis/snowboard, boots, and poles. Helmet not included.
High Performance Ski Demo (Ski only): \$50

Dining & Après

Wildcat Main Base Lodge Cafeteria: Full breakfast and lunch.
Wildcat Pub: Full-service dining and full bar with après entertainment most Fridays, Saturdays, and Sundays.

WELCOME TO THE WILD.

Access 48 trails and 225 skiable acres from our 4,062 summit in seven minutes on the Wildcat Express Quad. Wildcat Mountain's unique proximity to Mount Washington, 2,000' base elevation, and northwestern exposure subjects the mountain to the greatest amount of snowfall in the area, averaging more than 200 inches annually. Carve the Lynx Trail, voted "Most Scenic Trail" in the North Conway Area by National Geographic. Cruise the Rolet Trail, the longest trail in New Hampshire, a 2.75-mile beginner trail from the summit. Experience classic New England skiing and riding this winter at Wildcat Mountain!

WAYS TO SAVE WHEN YOU VISIT!

- Discount E-Tickets | Choose a date and save when you purchase lift tickets online.
- Current Deals | Visit skiwildcat.com to see more deals and seasonal specials.

NORTH CONWAY

Your Basecamp for Adventure

Ranked in the top 10 adventure towns in the nation, North Conway is the ultimate mountain hub for Wildcat and Adirondack visitors. You'll find lots of options for après, dining, lodging, shopping, sightseeing, and of course, close access.

Ski & Snowboard School Rates

Book online at skiwildcat.com or call 866.376.4293. Reservations strongly recommended.

Learn-to Program

Learn to Ski or Ride with an instructor that's right for you. Our clinic includes an on-snow instructional class along with rental equipment and a novice lift ticket. Once you complete your day one of learning, there will be an opportunity to upgrade to a multi-day lesson in the future.

MOUNTAIN STATS

Summit Elevation: 4,062 feet
Average Annual Snowfall: 200 inches
Vertical Drop: 2,112 feet
48 Trails
Skiable Acreage: 225 acres
Snowmaking: 90% Coverage

Trails & Terrain:

Difficulty Ratings: Easier 20%; More Difficult 47%; Most Difficult 33%
Polecat Trail: Longest, novice ski trail in New Hampshire, 2.75-mile beginner trail from the summit
Wildcat Valley Trail: A 17.8 kilometer expert, cross-country ski trail, with a 3,240-foot vertical from the summit of Wildcat to Jackson Village along the Jackson Ski Touring Foundation trail system.

5 Lifts:

- 1 High-speed Detachable Quad (Wildcat Express Quad)
- 3 Triple Lifts (Tomcat Triple, Bobcat Triple, and Snowcat Triple)
- 1 Surface Lift (Snowbelt)

The U.S. Trail marking symbols are used to indicate the degree of difficulty. Because trail layout, terrain, weather, etc., varies between different ski areas, the symbols used are relative to each mountain only. A novice trail at one mountain may be an intermediate trail at another. When in doubt, ask.

YOUR RESPONSIBILITY CODE

The provisions of N.H. Rev. Stat. Ann., Title XIX, Section 225 et. seq., govern the responsibilities of all skiers, riders, and guests and are incorporated herein by reference. Skiing and snowboarding can be enjoyed in many ways. At ski areas you may see people using alpine, snowboard, telemark, cross-country, and other specialized ski equipment, such as that used by persons with disabilities or other skiers. Regardless of how you decide to enjoy the slopes, always show courtesy to others and be aware that there are elements of risk in skiing that common sense and personal awareness can help reduce. Observe the code listed below and share with other skiers the responsibility for a great skiing experience.

- 1) Always stay in control.
- 2) People ahead of you have the right of way.
- 3) Stop in a safe place for you and others.
- 4) Whenever starting downhill or merging, look uphill and yield.
- 5) Use devices to help prevent runaway equipment.
- 6) Observe signs and warnings, and keep off closed trails.
- 7) Know how to use the lifts safely.

UPHILL HIKING/SKIING ROUTE

Uphill access to Wildcat Mountain by lift, climbing, hiking, or any manual ascent is given only after a trail pass has been purchased for the day or with a valid season pass. Users of facilities do so under NH statutes S225-A:24 and RSA 637:8. The tickets carry WMSA liability waiver. When climbing, hiking, or manually ascending Wildcat Mountain, the designated uphill route is Stray Cat to Middle Polecat to Upper Polecat and will be identified and posted in the main base lodge at the ticket counter. Use of the mountain during the winter operating season is prohibited outside of regular operating hours.

SNOW GUARANTEE

Wildcat Mountain's snow conditions are guaranteed. If you're not completely satisfied with the trail conditions, simply return your ticket to Guest Services within one hour of purchase and we'll give you a Snow Check good for another lift ticket valid that season at Wildcat Mountain. Not valid early/late season or with special discount promotions.

SKI BOUNDARY & TREE SKIING POLICY

- 1) Trees and backcountry areas beyond the Ski Area Boundary are not maintained or patrolled by Wildcat Mountain.
- 2) Trees may contain hazards that will not be marked.
- 3) Trees are recommended for EXPERTS ONLY.
- 4) When you pass beyond the Ski Area Boundary, you leave the area of Ski Patrol Services. You are responsible for your own actions, your own rescue, and the cost of your rescue.

This institution is an equal opportunity provider and is operated under special use permit with the White Mountain National Forest.
