5th Annual Bromley Rando Race

Mar 26th

Rando – short for randonnée – ski racing harkens back to skiing's early years, when skiers challenged the mountain both up and down, without the help of chairlifts. Using climbing “skins” with alpine touring or telemark bindings (or even “split” snowboards), racers start at the base of the mountain, ascend it, then descend it (on marked in-bounds ski area trails), as fast as possible, over multiple laps, up to 5,000' cumulative vertical, in the truest test of the most complete skier overall. For course layout details and updates, follow them on Facebook, or check out the New England Rando Race Series Blog!

- **Ages 4 and under will be outside the Kids Center,**
- **Ages 5 to 10 will hunt on the far side of the covered carpet (or skiers left) of the Learning Zone, and**
- **Ages 11 and up will search for treasure on the near side of the covered carpet.**
