HISTORY

Since 1871, six generations of Bishop's have been serving Connecticut with the best possible farm products. In an area steeped in history and tradition, Bishop's Orchards Farm Market is boldly woven into the tapestry of this remarkable New England town. Bishop's is situated in the historic shoreline town of Guilford. With majestic views of Long Island Sound, Guilford also boasts the largest town Green in New England (over 7 acres) surrounded by historic homes, churches and shops. The Henry Whitfield State Museum, built in 1639, is the oldest Stone House in Connecticut (our Stone House White Wine namesake) and is the perfect destination to be included in your trip to Bishop's Orchards.

Original Bishop's Farmstand (circa 1920).

We have everything for your cost conscious meals and family gatherings, from wines, cheese, soup, salads, vegetables and fruits to prepared foods, including trays of our most popular dishes!
