MORRISON PLANETARIUM

From the depths of a Philippine coral reef to the outer reaches of the Universe, it's all inside the California Academy of Sciences.

Come nose-to-beak with penguins and parrots, fly through the Universe in the world's largest all-digital planetarium, take a virtual safari in African Hall, and climb into the canopy of a living rainforest—all under one 2.5-acre roof of native plants.

Meet Academy experts during daily programs, including penguin feeding shows, coral reef dives, and swamp talks.
