TOP SECRET

LICENSE TO SPY

Your mission, **should you choose to accept it**, is to become a high-tech spy and discover clues to help you solve an international crime!

Secret agents, suspects and science converge for a family adventure unlike anything you've experienced in *Top Secret: License to Spy!*

This highly interactive display will put visitors' skills to the test as you experience the science, technology and psychology employed in the intelligence field.

for a complete
list of
programming.

Created by the renowned Scitech in Perth, Australia, and based around a James Bond-style fantasy of exotic locations, high-tech equipment, and of course, a mystery to solve, *Top Secret: License to Spy* features an immersive way for visitors to interact with more than 20 displays as they progress through the exhibition. Upon arrival, each visitor receives a "Spy File" containing a scenario and a list of six suspects. The visitor is challenged with gathering intelligence from selected exhibits to uncover information on the suspects, leading them on a journey of discovery, puzzles and intrigue. Hands-on activities include cracking the code on the lock of a transparent safe and using an oscilloscope to find a hidden bug. Visitors will also use a night vision camera to see in the dark and dodge laser beams without setting off alarms. Never before has an exhibit been so...Top Secret!
