

## DISCOVERY PLAY

The Discovery Play Center and children's garden is designed for families with children 6 months to 7 years old. It's the only attraction in the Midwest that integrates a well-rounded entertainment center with space that turns children's educational experiences into discovery play, exploration, and fun! It emphasizes interactive learning with over 30 play stations and helps children develop social skills by interacting with other children, parents, grandparents, and extended families.

## OPERATION LASER TAG

Choose your adventure with our NEW mission-based game play! Our latest attraction features an indoor laser tag arena with several new expansion phases on the way. The state-of-the-art laser tag equipment brings the modern video games to life through tactical experiences suitable for players 8 and up.
