

About the Carrie B

When you're aboard the Carrie B, your comfort is always our first priority! Our shipshape tour boat, a charming replica of a nineteenth century paddle-wheeler, features a climate controlled lower deck, enclosed picture windows, as well as an open-air upper deck where you may stroll about with your favorite beverage or snack. We offer comfortable seating and clean restrooms.

For you "landlubbers" out there, we always cruise in smooth waters and are regularly inspected by the U.S. Coast Guard, so sit back, relax, and leave everything to our friendly crew as we show you Fort Lauderdale's most beautiful asset—its breathtakingly gorgeous waterways!

"My wife and I have taken this tour 5-6 times. Always interesting and visually striking boat tour of the New River, intracoastal waterway, cruise port and ships, islands and canals and the incredible houses and yachts of the famous folks that live there and have lived there. Great commentary on the history of Ft. Lauderdale, its founding and growth."

"A must if you are visiting Fort Lauderdale. Seeing the multi million dollar homes PLUS yachts galore! Also all the waterways and cruise ships. The narrator was both interesting and informative without being intrusive. Would do this again for sure! Thanks To the captain and crew of the Carrie B."

"Lots of our friends have been on the Carrie B, but this was the first time after living here for 35 years. It was a beautiful day and the cruise was fabulous. We will be back!"
