Do you have what it takes to survive? Take a step back into history to find out. In 1607, settlers landed on the shores of Virginia and called it home, creating the first permanent European settlement. Little did they know that less than half of them would survive the year in this new wilderness. Minotaur Mazes' *American Adventure* takes visitors on an immersive, educational role-play adventure that asks people to conquer one great challenge: survive the year as one of the original Jamestown colonists. Sound easy? Think again. Only 38 of the 104 settlers survived. But don't worry, you're not tied to their destiny. You can beat the odds and determine your fate – it all depends on the choices you make...and a bit of luck. The *American Adventure* experience quickly reveals the reality of what Jamestown's settlers faced, but also how everyday decisions and interactions with the environment can be a matter of life and death. Even if you don't survive, try again! There's a new adventure every time you enter the exhibit!
