

THE DOUG OBERHELMAN CATERPILLAR VISITORS CENTER

HISTORY. EQUIPMENT. SIMULATORS.

Your experience begins with a virtual ride in the bed of a massive two-and-a-half story Cat® 797F Mining Truck as you travel through a customer's mine site.

In the Heritage Gallery, learn how one of the highest regarded brands in the world got its start when two families joined forces to form a company built on a foundation of innovation and customer focus.

Unleash your inner engineer as you design your very own Cat machine. Test your skills on a simulator to see first-hand what it's like to operate our equipment.

LIMITED TIME ATTRACTION

Immerse yourself in the rich history of Cat[®] Racing through the eyes of avid collector, Kory Russell.

This isn't your ordinary history exhibit! We have over 200 pieces of Cat Racing memorabilia, including the 2002 Daytona 500 Trophy. You can also see an extensive collection of driver fire suits and pit crew shirts, marvel at more than 50 model cars, and even see what a worn tire feels like after a race.

Don't miss your chance to experience the centerpiece of the exhibit – our custom built car, created using metal cut from 19 different Cat Racing cars over the last quarter century. And, join the pit crew or even be a driver for the day with our fun photo opportunities!
