

Make your special event  
a *blast* of science fun

**Book Now!**

### Group Visits

Participate in facilitated and grade-level specific programs that extend and reinforce science principles. Discovery Areas provide in-depth learning with a structured environment. Pre and post-visit activities can be provided to prepare and reflect on your visit. All Discovery Areas are aligned with state and national science standards.

*"We loved it. I can recommend this to kids of all ages!"* — Sabine Butler
