NOONLIGHT

is a mobile personal safety app that helps you protect yourself with just a push of a button.

1

The way it works is simple - If you are feeling unsafe, simply launch the Noonlight app and hold your thumb down on the safe button.

2

When you are safe, release your thumb and type in your 4 digit pin number.

3

If you need help, simply release your thumb without entering your pin, and local police will be notified of your location, name, and emergency.

Noonlight works anywhere in the US and is available on both iOS and Android.

The app is **FREE** to riders of Metro Transit.
Go to **noonlight.com/metro**
to get your free download.
