Our Story

In 1951, Floyd Hartwig, or "Twig" as he was known around town, started Twig's Beverage in Shawano, Wisconsin. With a humble beginning, Floyd would sell a case of soda and use the money to buy a loaf of bread for his wife and family. 60 years later, Twig's Beverage still remains a family business valuing the traditions created from its modest origins. Staying true to its roots, Twig's still makes its sodas in authentic glass bottles.
